Asphalt Binders

Material Producer List
Materials and Tests Division

Texas Department of Transportation

Asphalt Binders

The Tex-545-C, "Asphalt Binder Quality Program," provides the requirements and procedures for asphalt binder suppliers to obtain prequalification and preapproval of their products from the Materials and Tests Division (MTD).

The following producers are pre-qualified in accordance with Tex-545-C. Producers who do not appear on this list may not supply asphalt binders for use on TxDOT projects. Producers on this list must still provide current TxDOT Quality Monitoring (QM) lab numbers (also referred to Seal Numbers in SiteManager and AASHTOWare Project Construction & Materials (APCM) software) indicating preapproval of specific products with all shipments (this information is also available in SiteManager and at TxDOT's website.

For more information, contact the Materials and Tests Division's Asphalt Binder Section at (512) 865-9457 or MTD-Asphalt-Engineering@txdot.gov.

NOTE: Refresh the page to view the most current list.

Pre-Qualified Asphalt Binders
