Metal Railing Fabrication Plants

Material Producer List
Materials and Tests Division-Structural Materials Section

Metal Railing Fabrication Plants

The Department reserves the right to conduct random sampling and testing and visual inspections of materials from approved fabrication plants. Department representatives may sample and inspect material from the fabrication plant or the project site. Materials and Tests Division (MTD) reserves the right to test samples to verify compliance with Item 450.

For more information, contact MTD's Prefabricated Structural Materials Section at (512) 993-7117.

Reference

Refer to the Department's *Standard Specification for Construction and Maintenance of Highways, Streets, and Bridges* for information on Item 450, "Railing."

Fabrication Plants

The following metal railing fabrication plants have been approved in accordance with DMS-7395, "Metal Railing Fabrication Plant Qualification," which is referenced in Item 450.

Materials and Tests Division's Structural Materials Section verifies on a per project basis that products furnished to TxDOT projects from fabrication plants, approved per DMS-7395, comply with Buy America requirements.
