Texas Department of Transportation

Reinforcing Steel Mills

Material Producer List
Materials and Tests Division-Structural Materials Section

Reinforcing Steel Mills

The Department reserves the right to conduct random sampling and testing, and visual inspections of materials from approved reinforcing steel mills. Department representatives may sample and inspect material at the mill or the project site. Materials and Tests Division (MTD) reserves the right to test samples to verify compliance with Item 440.

For more information, contact MTD's Structural Materials Section at (512) 993-7117.

Reference

Refer to the Department's Standard Specifications for Construction and Maintenance of Highways, Streets, and Bridges for information on Item 440, "Reinforcing Steel."

Reinforcing Steel Mills

The following bar, wire, welded deformed bar mat, and welded wire reinforcement mills have been pre-approved to furnish reinforcing steel in accordance with DMS-7320, "Qualification Procedure for Reinforcing Steel Producing Mills," which is referenced in Item 440.

Reinforcing steel mills noted as Buy America Status compliant on the MPL have provided TxDOT Form 2812, "Buy America Certification," indicating compliance with Buy America requirements referenced in Standard Specification Item 6. Project level certification, therefore, is not required.

Project level certification requires material test reports and appropriate rebar markings to be verified to comply with Buy America requirements.

NOTE: Superscripts in the Tables refer to the following:

1. Approved to supply wire only
2. Includes Low Carbon/Chromium reinforcing steel (ASTM A1035).
3. Approved to supply stainless reinforcing steel only (ASTM A955).
4. Approved to supply plain (smooth) bars only.

Reinforcing Steel (Wire & Welded Wire Reinforcement) Mills

Producer Code	Fabricator	Location	Buy America Status (Expiration Date)
98371	AmeriTex Pipe & Products	Conroe, TX	Compliant (October 1, 2026)
98123	Concrete Reinforcements, Inc.	Houston, TX	Compliant (October 1, 2026)
98207	Concrete Reinforcements, Inc.	Jacksonville, FL	Compliant (October 1, 2026)

Producer Code	Fabricator	Location	Buy America Status (Expiration Date)
99303	Concrete Reinforcements, Inc.	Surprise, AZ	Compliant (October 1, 2026)
98179	Davis Wire	Irwindale, CA	Compliant (October 1, 2026)
98414	Hanger Bolt & Stud Co.[1]	Greenfield, IN	Compliant (October 1, 2026)
99689	Insteel Wire Products	Dayton, TX	Compliant (October 1, 2026)
98330	Insteel Wire Products	Hazel Township, PA	Compliant (October 1, 2026)
98331	Insteel Wire Products	Hickman, KY	Compliant (October 1, 2026)
98203	Insteel Wire Products	Jacksonville, FL	Compliant (October 1, 2026)
98210	Insteel Wire Products	Kingman, AZ	Compliant (October 1, 2026)
99290	Insteel Wire Products	Mount Airy, NC	Compliant (October 1, 2026)
99091	Insteel Wire Products	St. Joseph, MO	Compliant (October 1, 2026)
99960	Insteel Wire Products[1]	Sanderson, FL	Compliant (October 1, 2026)
98341	Insteel Wire Products (formerly Liberty Engineered Wire Products)	Upper Sandusky, OH	Compliant (October 1, 2026)
98336	Iowa Steel and Wire Co.	Centerville, IA	Compliant (October 1, 2026)
98200	Key Steel	New Caney, TX	Compliant (October 1, 2026)
98234	National Wire L.L.C.	Conroe, TX	Project Level Certification
98411	Nelson Wire & Steel	New Salem, PA	Compliant (October 1, 2026)
98415	Nucor Steel Connecticut, Inc.	Wallingford, CT	Project Level Certification
99975	Oklahoma Steel and Wire	Madill, OK	Compliant (October 1, 2026)
98244	Wire Mesh Corp	Jacksonville, FL	Compliant (October 1, 2026)

Producer Code	Fabricator	Location	Buy America Status (Expiration Date)
99142	WMC Industrial, LLC[1]	Carrollton, TX	Compliant (October 1, 2026)
99149	WMC - Wire Mesh Texas, LLC (formerly Gerdau Beaumont Wire)	Beaumont, TX	Compliant (October 1, 2026)
98412	Wire Mesh Corporation (WMC)	Oglesby, IL	Compliant (October 1, 2026)
98420	Worth Steel[1]	Alsip, IL	Compliant (October 1, 2026)

Reinforcing Steel (Welded Deformed Bar Mat) Mills

Producer Code	Plant	Location	Buy America Status (Expiration Date)
98427	Afinitas	Sleepy Eye, MN	Compliant (October 1, 2026)
98401	Bexar Metals, Ltd.	San Antonio, TX	Compliant (October 1, 2026)
99975	Oklahoma Steel and Wire	Madill, OK	Compliant (October 1, 2026)

Reinforcing Steel (Bar) Mills

Producer Code	Plant	Location	Buy America Status (Expiration Date)
98117	Alton Steel[4]	Alton, IL	Compliant (October 1, 2026)
98369	Cascade Steel Rolling Mills, Inc.[2]	McMinnville, OR	Project Level Certification
98212	CMC Steel Arizona	Mesa, AZ	Compliant (October 1, 2026)
98222	CMC Steel Florida	Jacksonville, FL	Compliant (October 1, 2026)
98389	CMC Steel New Jersey	Sayerville, NJ	Project Level Certification
98381	CMC Steel Oklahoma	Durant, OK	Compliant (October 1, 2026)
99271	CMC Steel South Carolina[2]	Cayce, SC	Compliant (October 1, 2026)

Producer Code	Plant	Location	Buy America Status (Expiration Date)
98211	CMC Steel Tennessee	Knoxville, TN	Compliant (October 1, 2026)
99661	CMC Steel Texas	Seguin, TX	Compliant (October 1, 2026)
98421	Gerdau Jackson	Jackson, TN	Compliant (October 1, 2026)
99189	Gerdau Midlothian	Midlothian, TX	Compliant (October 1, 2026)
98072	Mid American Steel and Iron	Madill, OK	Compliant (October 1, 2026)
98276	North American Stainless[3]	Ghent, KY	Project Level Certification
99109	Nucor Steel Auburn, Inc.	Auburn, NY	Compliant (October 1, 2026)
99126	Nucor Steel Birmingham, Inc.	Birmingham, AL	Compliant (October 1, 2026)
98415	Nucor Steel Connecticut, Inc.	Wallingford, CT	Project Level Certification
98419	Nucor Steel Florida, Inc.	Frostproof, FL	Compliant (October 1, 2026)
99154	Nucor Steel Jackson, Inc.	Flowood, MS	Compliant (October 1, 2026)
99127	Nucor Steel Jewett	Jewett, TX	Compliant (October 1, 2026)
99074	Nucor Steel Kankakee, Inc.	Bourbonnais, IL	Compliant (October 1, 2026)
98264	Nucor Steel Kingman	Kingman, AZ	Project Level Certification
98425	Nucor Steel Marion	Marion, OH	Compliant (October 1, 2026)
98242	Nucor Steel Nebraska[4]	Norfolk, NE	Project Level Certification
98146	Nucor Steel Plymouth	Plymouth, UT	Compliant (October 1, 2026)
98270	Nucor Steel Seattle, Inc.	Seattle, WA	Compliant (October 1, 2026)
98218	Nucor Steel South Carolina[4]	Darlington, SC	Compliant (October 1, 2026)

Producer Code	Plant	Location	Buy America Status (Expiration Date)
98393	Nucor Steel Sedalia	Sedalia, MO	Project Level Certification
99677	Optimus Steel, LLC	Vidor, TX	Project Level Certification
99017	Rocky Mountain Steel Mills	Pueblo, CO	Compliant (October 1, 2026)
98390	Steel Dynamics, Inc.	Columbia City, IN	Compliant (October 1, 2026)
98392	Steel Dynamics, Inc.	Roanoke, VA	Project Level Certification
99667	Vinton Steel, LLC	Vinton, TX	Project Level Certification

Note: Refer to the next pages for deformed bar identification markings and how to read them.

List of Deformed Reinforcing Steel Bar Identification Markings
(English markings shown, except where noted)

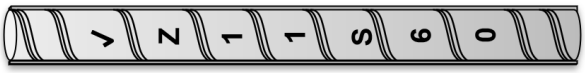
Cascade Steel Rolling Mill, 98369
(McMinnville, OR)
(ASTM A706 and A1035 markings not shown)

Bar sizes #3 through #9

Bar sizes #10 and #11

Bar sizes #14 and #18

CMC Steel Arizona, 98212
(Mesa, AZ)
(ASTM A706 markings not shown)



Bar sizes #4 thru #11

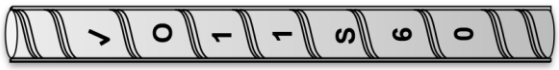
CMC Steel Florida, 98222
(Jacksonville, FL)
(ASTM A706 markings not shown)

Bar sizes #3 thru #11

CMC Steel New Jersey, 98389
(Sayerville, NJ)
(ASTM A706 markings not shown)

Bar sizes #3 thru #11, #14, and #18

CMC Steel Oklahoma, 98381
(Durant, OK)
(ASTM A706 markings not shown)



Bar sizes #3 thru #11

CMC Steel South Carolina, 99271
(Cayce, SC)
(ASTM A706 markings not shown)

Bar sizes #3 through #11

Bar sizes #14 and #18

ASTM A1035

CMC Steel Tennessee, 98211
(Knoxville, TN)
(ASTM A706 markings not shown)

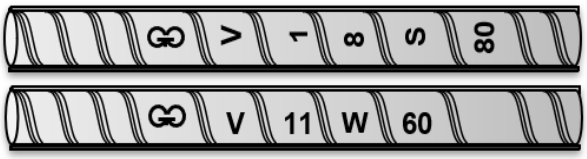
Bar sizes #3 thru #11

CMC Steel Texas, 99661
(Seguin, TX)
(ASTM A706 markings not shown)

Bar sizes #3 through #11

Bar sizes #14 and #18

Gerdau Jackson, 98421
(Jackson, TN)

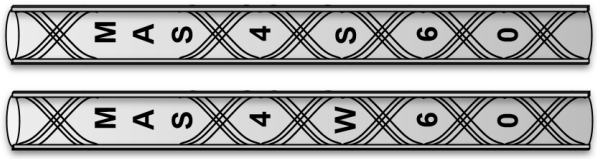


Bar Sizes #4 through #18

Gerdau Midlothian, 99189
(Midlothian, TX)

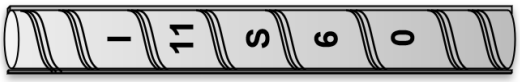
Bar sizes #3 thru #11, and #14

Mid American Steel and Iron, 98072
(Madill, OK)



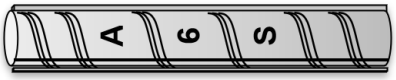
Bar sizes #3, #4, #5

Nucor Steel Auburn, Inc., 99109
(Auburn, NY)
(ASTM A706 markings not shown)



Bar sizes #3 thru #11 and #14

Nucor Steel Birmingham, Inc., 99126
(Birmingham, AL)
(ASTM A706 markings not shown)



Bar sizes #3 thru #11, #14, and #18

Nucor Steel Connecticut, Inc., 98415
(Wallingford, CT)

Bar sizes #3, #4, and #5

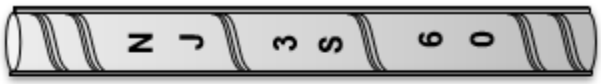
Nucor Steel Florida, Inc., 98419
(Frostproof, FL)

Bar sizes #3 thru #11

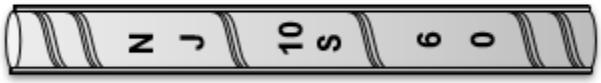
Nucor Steel Jackson, Inc., 99154
(Flowood, MS)

Bar sizes #3 thru #11

Nucor Steel Jewett, 99127
(Jewett, TX)
(ASTM A706 markings not shown)



Bar sizes #3 through #9



Bar sizes #10, #11, #14, and #18

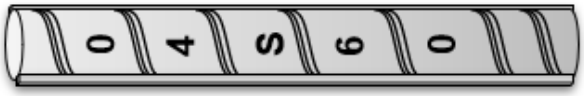
Nucor Steel Kankakee, Inc., 99074
(Bourbonnais, IL)
(ASTM A706 markings not shown)

Bar sizes #3 thru #11, #14 and #18

Nucor Steel Kingman, 98264
(Kingman, AZ)
(ASTM A706 markings not shown)

Bar sizes #3 through #6

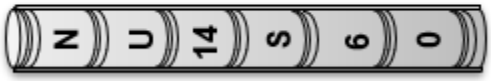
Nucor Steel Marion, 98425
(Marion, OH)
(ASTM A706 markings not shown)



Bar sizes #4 through #14

Nucor Steel Plymouth, 98146
(Plymouth, UT)
(ASTM A706 markings not shown)

Bar sizes #3 through #11



Bar sizes #14 and #18

Nucor Steel Seattle, Inc., 98270
(Seattle, WA)
(ASTM A706 markings not shown)

Bar sizes #3 through #11, #14, and #18

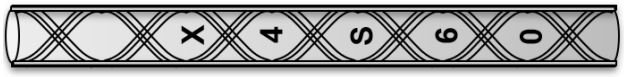
Nucor Steel Sedalia, 98393
(Sedalia, MO)
(ASTM A706 markings not shown)

Bar sizes #4 thru #11

Optimus Steel, LLC, 99677
(Vidor, TX)
(ASTM A706 markings not shown)

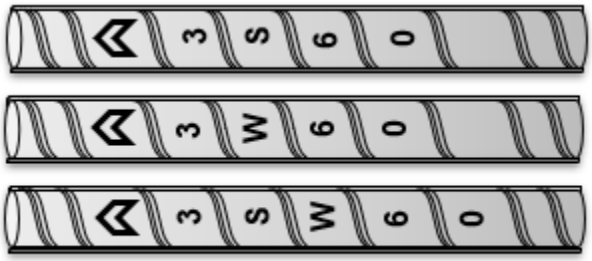
Bar sizes #3 through #11

Rocky Mountain Steel Mills, 99017
(Pueblo, CO)
(ASTM A706 markings not shown)



Bar sizes #3 through #6

Steel Dynamics, Inc., 98390
(Columbia City, IN)



Bar sizes #3 thru #8

Steel Dynamics, Inc., 98392
(Roanoke, VA)
(ASTM A706 markings not shown)

Bar sizes #4 thru #11

Vinton Steel, LLC, 99667
(Vinton, TX)
(ASTM A706 markings not shown)

Bar sizes #4 thru #11

NOTE: Some bars may also have dots indicating split billet production. These dots are not shown above. An example of how to read the bar markings is shown on the next page. Bar markings may be changed or updated by the bar mill.

How to Read Bar Markings for Deformed Bars

Bar markings identify the bar manufacturer, bar size, steel type, and steel grade. Bar marks are numbers, letters, and symbols that may be placed parallel (as seen in Figure 1), perpendicular, or at an angle to the axis of the bar. A bar mark may be placed in a single space between two bar deformations or spread out over several spaces.

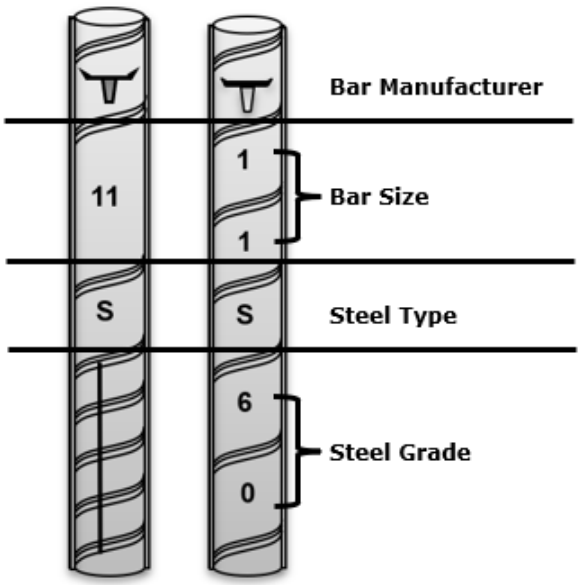


Figure 1: Bar Markings (English Example Shown)

Bar Size		
English Bar Size	**Metric Equivalent Bar Size**	**Diameter (in.)**
3	10	0.375
4	13	0.500
5	16	0.625
6	19	0.750
7	22	0.875
8	25	1.000
9	29	1.128
10	32	1.270
11	36	1.410
14	43	1.693
18	57	2.257

Steel Type	
S	A615
W	A706 (Weldable)
A	A996, Type A (Axle)
R	A996, Type R (Rail)

Steel Grade				
English Grade	**Number**	**Metric Grade**	**Number**	**# of Lines**
40	None required	280	None required	No lines
60	60	420	4	1 line
75	75	520	5	2 lines
80	80	550	6	3 lines

Note: Steel grade marks shown as line(s) are placed along the length of the bar on the front or back side. These grade line(s) must cross a minimum of five bar deformations; and should not be confused with the "Main Ribs." See the applicable ASTM for additional grades not shown.
